## Major Achievements

Home (Index.Php) > About Us > Major Achievements

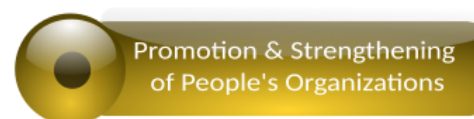

APMAS began its activities on 1 July 2001 and partnered with the government programmes such as AP Rural Livelihoods Project and District Poverty Initiatives Project. In due course, the support from governments, national and international donors (CARE India, DFID, Aga Khan Foundation, Ford Foundation, Sir Dorabji Tata Trust, DGRV, Michael and Susan Dell Foundation, etc) was obtained to provide capacity building and technical services for strengthening of SHGs and promotion of their livelihoods in several states across India. In due course, APMAS has been able to expand its thematic and geographical areas of work with the support of international and national donors, and partners.

Over Nineteen years, APMAS has made a successful, yet a very challenging journey, in realizing its vision for the empowerment of marginalized women and deprived communities and thereby contributing to poverty reduction initiatives. It has emerged as a trustworthy and credible resource organization at the state, national and international levels in providing services to strengthen the SHG movement and livelihoods promotion. It has also been remarkably successful in establishing partnerships and collaboration with diverse stakeholders such as community-based organizations (CBOs), NGOs, national and international donors, State Governments, Planning Commission, NABARD, Banks, and other institutions.

APMAS promoted a Section 25 Company, Sadhikaratha Foundation in 2012 to meet the ever increasing needs of its clientele. This heralds a new initiative of APMAS to undertake those projects and activities within the vision of APMAS and enabling the expansion of its horizon to meet the requirements arising out of the current development paradigm. The major achievements are:

- Directly trained around 3,50,000 professional & para-professionals on various aspects of institution building and livelihoods promotion across India; developed effective context specific training modules, materials and ToT manuals
- Organized national and state level flagship trainings and training of trainers programs to strengthen the SHG movement in the country
- Conducted seven Certificate courses on Community based Micro Finance in collaboration with Coady International Institute, Canada and Sadhikaratha Foundation
- Developed a massive pool of resource persons as bookkeepers, auditors, rators, facilitators and trainers with sufficient skills to cater to the capacity building needs across the country
- Promoted and strengthened decentralized capacity building institutions in the livelihoods sector at village, mandal and district levels
- Established own office cum resource centre to provide continuous training to SHPIs and FPOs

- Established partnerships with State Governments of Andhra Pradesh, Bihar, Telangana and West Bengal to support SHGs and SHG federations in both rural and urban areas to evolve into strong, sustainable and self-reliant organizations for the underprivileged
- Provided support in 45 towns in Bihar for promoting 9,000 SHGs and 500 SHG federations at slum and town level, perhaps the largest SHG promotion by the NGO in urban areas of India
- Developed Kamareddy Cluster Paryavekhana Samakhya (KCPS) in Telangana as a community Resource Centre to train and place CRPs and PRPs for scaling up self-regulatory system in Bihar, West Bengal and UP
- Established Green Innovation Centre in Chittoor and Ananthapur districts to mobilize and organize small landholders to take up value chain interventions for enhancing agricultural productivity and profitability
- Implemented six mega watershed projects of IWMP in Adilabad, Chittoor and Ananthapur districts

- Supported the establishment and evolution of Society for Elimination of Rural Poverty (SERP) as an autonomous sensitive support system for the SHG movement in Andhra Pradesh which later became a model and National Resource Organization for the entire country under NRLM
- Played a significant role in the conceptualization, design and operationalization of Mission for Elimination of Poverty in Municipal Areas (MEPMA) in AP

Supported the emergence of State Level Resource Organizations for the sector (like CmF in Rajasthan) based on the experience and learning of APMAS Consultancy services to different stakeholders (studies, research, training, tools, IEC materials, ratings, evaluation, designing products etc.)

Technical support to National and International level SHPIs in designing and offering financial products for SHG members through SHG federations promoted by them

Supported SHPIs in developing / adopting required manuals, booklets, tool kits developed by APMAS and materials are now available in several Indian languages

Conducted more than 500 ratings of SHG federations, Cooperatives in India

Community based water and sanitation program in urban slums of Andhra Pradesh & Telangana and enabled the SHG communities to effectively implement and manage the safe drinking water (RO Plants), sanitation, waste disposal, hygiene, etc.

Piloted a Community Based Water Quality Monitoring in 100 slums in GHMC in collaboration with Hyderabad Metro Water Supply & Sewerage Board

Publishing 'Mahila Sadhikaratha' a Telugu monthly magazine, regularly since 2002

Playing a lead role in organizing consultation meetings with NGOs on Smart Village/SMART Ward and Swacch Bharat Gramin initiatives of the government of Andhra Pradesh

Conducted 68 research studies focusing on various aspects of SHG institutions across India

Produced 69 thematic publications including 3 books on SHGs and their federations

Advocacy for policy influencing based on a number of studies conducted and the field experience

Initiated a strong campaign for promoting savings and regulatory systems among SHGs to ensure that SHGs and SHG federations emerge as self-reliant and sustainable organizations

Promoted and up-scaled the concept of Swayam Niyantara Udhayam (Sector Own Control) in Andhra Pradesh, Telangana and other states

Conducted more than a dozen national level and equal number of state level conferences for influencing policies in favour of SHG institutions and their livelihoods

SNU modules on 'The significance of Savings, The significance of Loans, SHG Bookkeeping, Reconstruction of Accounts in SHGs, Guidelines and Checklist for SHG External Audit, Annual Planning for SHGs, Federation Bookkeeping, Federation Internal Audit, Federation External Audit, Election Process in SHGs and Federations, Annual planning for Federations, The Best Performance Awards, Understanding Financial Statements, Surplus Management in SHGs and Federations, Fixation and Calculation of Interest in SHGs, Management Information System in SHG and Federation, Model Annual Planning of SHG and Federation, Financial Management in Federations' etc

BCC materials on nutrition and health of pregnant & lactating women and adolescent girls

Manual on Tomato cultivation – Package of Practices

Manual on Vegetable Nursery Management

FPO self-learning modules on Institutional Design, Membership, Governance, Management and Legal Compliances

Posters and pamphlets on integrated farming practices, soil health, millets promotion, zero budget natural farming (ZBNF), farmer field schools, value addition etc

**OUR LOCATION MAP**

**Eligibility conditions for being identified as a Social Enterprise U/s 292E**

(1) For the purposes of these regulations, a Not for Profit Organization or a For Profit Social Enterprise, to be identified as a Social Enterprise, shall establish primacy of its social intent.

(2) In order to establish the primacy of its social intent, such Social Enterprise shall meet the following eligibility criteria:-

(a) the Social Enterprise shall be indulged in at least one of the following activities:

(i) eradicating hunger, poverty, malnutrition and inequality;

(ii) promoting health care including mental healthcare, sanitation and making available safe drinking water;

(iii) promoting education, employability and livelihoods;

(iv) promoting gender equality, empowerment of women and LGBTQIA+ communities;

**Eligible**

**Explanation**

APMAS has been conducting a nutrition awareness project in 10 Slums of Hyderabad with the grant support of WIPRO CARES from July 2022.

APMAS has been conducting WASH project, under which, CRPs from SHGs of AP and TS states will create awareness within their communities and also facilitate loans for Sanitation and Safe drinking water facilities. The project was initially granted by UNICEF (from 2019-2021) and thereafter granting by Water.org (From 2021 onwards). Further water quality testing activities also being carried out with the help of Hyderabad Metro Water and Sanitation department within Hyderabad metro region.

APMAS joins hands with UBS - Optimus to promote education in Government schools. Under this project MPUPS, Gandipet School has been selected and promoted as Model School, which was helped in better sanitation facilities, better infrastructure and play area, volunteered tutors and thereby increased student strength of the school.

APMAS is promoting the Farm livelihood activities with the support of AP Horticulture department since 2020 and Poultry farming in Anantapur district with grant support of HEIFER International since 2021, Padipantalu Project of AEIN, Luxemburg, GESTE Programme of DGRV, Borapatla Farmer Service centre of Aurabaindo Foundation, CBBO projects under 10K FPOs etc.

APMAS had been named itself as Mahila Abhivruddhi Society which means that a society established for the empowerment of women. APMAS played the role of orchestrator in developing and promotion of SHGs and SHG federations over the 2 decades of its establishment. At present APMAS is promoting All Women FPOs through 10K FPOs programme, promoting women Farmers through AGEEWA project granting by AEIN, Luxemburg.

<p>(v) ensuring environmental sustainability, addressing climate change including mitigation and adaptation, forest and wildlife conservation;</p>	<input checked="" type="checkbox"/>	<p>Smart Villages programme, under which the farmers are encouraged for natural and organic farming. The programme is grnated by AEIN, Luxemburg.</p>
<p>(vi) protection of national heritage, art and culture;</p>	<input type="checkbox"/>	
<p>(vii) training to promote rural sports, nationally recognised sports, Paralympic sports and Olympic sports;</p>	<input type="checkbox"/>	
<p>(viii) supporting incubators of Social Enterprises;</p>	<input type="checkbox"/>	
<p>(ix) supporting other platforms that strengthen the non-profit ecosystem in fundraising and capacity building;</p>	<input type="checkbox"/>

<p>(b) the Social Enterprise shall target underserved or less privileged population segments or regions recording lower performance in the development priorities of central or state governments;</p>	<input type="checkbox"/>	
<p>(c) the Social Enterprise shall have at least 67% of its activities, qualifying as eligible activities to the target population, to be established through one or more of the following:</p>		
<p>(i) at least 67% of the immediately preceding 3-year average of revenues comes from providing eligible activities to members of the target population;</p>	<input checked="" type="checkbox"/>	<p><a href="#">Please refer the sheet 2</a></p>
<p>(ii) at least 67% of the immediately preceding 3-year average of expenditure has been incurred for providing eligible activities to members of the target population;</p>	<input checked="" type="checkbox"/>	<p><a href="#">Please refer the sheet 2</a></p>
<p>(iii) members of the target population to whom the eligible activities have been provided constitute at least 67% of the immediately preceding 3-year average of the total customer base and/or total number of beneficiaries.</p>	<input checked="" type="checkbox"/>	
<p>(3) Corporate foundations, political or religious organizations or activities, professional or trade associations, infrastructure and housing companies, except affordable housing, shall not be eligible to be identified as a Social</p>	<input type="checkbox"/>	<p>The tareted segment for the above Income and Expenditure activities will be more than 67% of total targeted segments</p>

## What We Do

Home (Index.Php) > About Us > What We Do

Mahila Abhivruddhi Society, Andhra Pradesh (APMAS) is a national level resource organization working for the advancement of people's institutions such as women's self-help groups (SHGs), SHG federations, farmer producer organizations (FPOs), and other community based organizations (CBOs) who believe in and respect the spirit of self-help and keep it as a guiding principle. The first step in our 17 years of journey was supporting women SHG movement in the erstwhile Andhra Pradesh in 2001 and across several states in the country. The credibility gained in terms of building social capital through strengthening of rural and urban SHGs provided an impetus to empower the poor and marginalized communities through promotion of livelihoods, natural resources management, integrated farming systems, farmer producer organizations, and model villages.

The three outcomes and five horizontal domains are major thrust areas in the work of APMAS. The thrust areas are defined keeping in view of the vision and mission, eco-system assessment, ongoing programmes, capabilities of the organisation and the development opportunities available. APMAS has direct presence in Andhra Pradesh, Telangana and Bihar; and through partners in Rajasthan, Uttar Pradesh, Madhya Pradesh and Maharashtra. Our capacity building initiatives, research and consultancy work compass across several states in India and in few developing countries of South Asia & Africa.

### Building Social Capital

Focus is on promotion and strengthening of self-help organisations such as women SHGs and their Federations, Farmer Producer Organisations and organisations of the marginalised communities to become member-owned institutions with standard systems & procedures to take up social and business enterprises. Enable and empower the communities to realize their full potential is a nucleus and integral part of this core domain.

In partnership with the government and the self-help promoting institutions, APMAS has supported more than 2,50,000 SHGs & 10,000 SHG federations in rural and urban areas. A model 'Sector Own Control' has been demonstrated covering 4408 SHGs (Self-help groups), 171 VOs (Village Organisations) and 5 Mandal Samakayas in Kamareddy district of Telangana. This has been recognized as a replicable model by several SHPIs and the State Rural Livelihoods Missions (SRLMs) across the country. The community resource persons play a key role in up-scaling this experience in selected states.

APMAS strengthens and facilitates SHG institutions to move beyond financial inclusion / economic empowerment in terms of playing a catalyst role - ensuring access to safe drinking water in the slums of GHMC (Greater Hyderabad Municipal Corporation); improving nutrition outcomes in 15 urban slums each in GHMC in Telangana and Ongole & Tirupati towns in Andhra Pradesh; and strengthening 1639 SHGs and 102 VO's and forming & strengthening 6 CLFs (Cluster Level Federations) to improve socio-economic conditions of women through livelihoods promotion in Dighwara & Garkha blocks, Saran district, Bihar. APMAS has also been promoting and strengthening 100 FPOs in Andhra Pradesh and Telangana towards enhancing production, productivity and profitability of farmers.

## NRM and Livelihoods

The focus under this domain is soil, water and energy conservation measures; common property management; drought and risk mitigation measures; natural resources management; promotion of sustainable agricultural practices through integrated and natural farming; use of appropriate technology; package of practices for productivity enhancement; collective procurement of inputs; value addition and collective marketing; partnerships and networking across the entire value chain; sharing of experience for leaning and linking, and policy influencing.

The base for our work in this domain began with the support of Aga Khan Foundation for European Union funded SCALE project during 2004-2012. This was further strengthened by the implementation of six mega watersheds in the states of Andhra Pradesh & Telangana. The foundation laid and experience gained through watershed programme prompted us to work with farmers especially small holders. At present, we are working with 15,000 farmers directly and another 15000 farmers through partners under various projects. By 2020, we aim to reach out one lakh farmers both directly and indirectly through our intensive engagement in promotion and strengthening of nearly 100 farmer producer organizations (FPOs) as business enterprises for undertaking value-chain interventions in Chittoor, Ananthapur and Kurnool districts of Andhra Pradesh and in Kamareddy, Sangareddy & Yadadri districts of Telangana.

The nucleus thrust of this programme is to enhance the production, productivity and profitability of the farmers with the special focus on small landholders, women and youth. We aspire to position ourselves as a strategic player in promotion and strengthening of FPOs as business/ social enterprises across the country and in the developing countries of South.

## Innovations and Pilots

Focus of the third vertical domain is primarily for learning and up-scaling (by the government) towards attaining inclusive growth in the rural and urban communities by undertaking innovations and pilots such as making models/towards becoming model villages; school improvement, solid waste management; environment protection; skill development etc.

Currently APMAS works for promotion of model villages (Peyyalapalem & Sri Ramapuram in AP and Borapatla in Telangana) and school improvement in Allur of Nellore district and Pileru of Chittoor district in AP with the support of CSR funding and in close collaboration with the government flagship programmes such as SMART Village in Andhra Pradesh and Grama Jyothi in Telangana. Our focus in this domain is institutionalizing community-driven development processes to achieve overall development of the village. The emphasis is on people's institutions taking ownership of the transformation in the village by keeping the human development high on the pedestal of holistic and inclusive growth. We disseminate our experience gained to the key players engaged in promotion of model villages and flag the importance of focusing human development and inclusive growth.

^

## Operational Areas and Supporters

State	Operational Areas	Projects	Supporters
Andhra Pradesh	Tirupati & Ongole towns in Andhra Pradesh	Nutrition Project - Action Research	BMGF
	Nallamada (M) in Ananthapur, V.Kota & Ramasamudram (M) in Chittoor districts	Integrated Watershed Management Programme (IWMP)	Government of AP
	Nallamada (M) in Ananthapur, V.Kota (M) in Chittoor districts	Go Green! Grow Green (G4)	Bread for the World, Germany
