

APMAS- FSC- Piler Project

Brief Progress Report for the month of April' 2019

- During this month of April total 40 farmers joined as members in Piler FPCL and paid their membership Rs.100 and Share capital Rs 1000 per each member. At present total 94 members are there in Piler FPCL. Already we have conducted orientation meetings in two villages and organized 20 farmers. They will pay the share capital and membership fees within three days.

- During this year there is severe drought in our Piler, KV Palle and Kalikiri areas. Fodder and Water scarcity is there for cattle. Piler Farmers producer company members requested to support Aurobindo to travel cost to purchase paddy straw. One load paddy straw is 13,500/- in that 4,500 to 5000 is transportation cost. Proposal sends to Aurobindo Pharma Foundation through APMAS to support 60 farmers. Got approval and 44 small and marginal farmers purchased paddy straw and we have given transportation cost to them.

- We have established "Chalivendram" at AMC Piler last month. We have established second one at 4 roads junction –Piler near police outpost. In this summer it is very useful to farmers and other public. People are appreciating Aurobindo Pharma Foundation and APMAS to this initiative.

- Every Tuesday sandy market is there at Piler in between 10 AM to 6 PM. Hundreds of villagers come and purchased vegetables and provisions in this sandy market. Our Piler FPCL observed that, so many people were suffering with thirst while marketing. BOD has decided to supply drinking water to people on every Tuesday at sandy place and initiated the service. People are appreciating Aurobindo and APMAS for this initiative.

- During this Mobile Veterinary clinic services has given 12 days in 3 mandals. Based on the route map Mr. Hassan, Veterinary doctor and Mr. Hanumanth Veterinary assistant are going to selected panchayaths in 3 project Mandals [Kalikiri, KV Palle and Piler mandals]. Total 520 animals and 181 sheep's have treated in these visits.
- Four Animals Health camps have conducted in Nunevandla palle, bayareddy palle in Piler Mandal and chinthalavaripalle dudekula palle in Kalikiri Mandal. 87 farmers attended to these camps 310 sheep have got treatment in these camps. Treatment has given to 450 animals for infertility problems, 83 de-warming to calves and general problems. Medicines have given freely for first time.

- We have established FDC with collaboration of eFresh. We have purchased Yea-saac for 200 Kgs form Altech through eFresh, worth of Rs. 42 thousands. We are selling some products in FDC and bringing some products along with mobile veterinary vehicle. So far totally 96 kgs sold to farmers [worth of Rs. 24000/-]. Milk Yield, Fat and SNF also increasing because of using the Yea-

Sacc. Farmer's income also increasing a little. Piler FPC got Rs. 3840/- profits from Yea-sacc and Rs.700 got from selling of mineral mixer etc...

- Two member MSW students came to Piler from Sri 'Padmavathy Mahila Viswa Vidyalayam for 6 weeks block field work placement. They will work with us in two panchayaths on Mobilization of farmers into Farmer institutions. We have given orientation to them about APMAS, Piler-FSC and Horticulture projects.

- Mr. Pratap Naik from Tata Trust came to our FSC and explained their interest to work with our Piler FPC on Organic farming, skill development and agriculture innovations. I asked him to send a mail to CEO about their interest to work with us.

- APMAS CEO CS reddy garu has visited to Piler and has given suggestions for effective Implementation of Piler schools infrastructure improvement project, Piler-FSC and Horticulture projects.
